Subject: Bayou Corne Report

Hello Greg,

This preliminary report has been edited by the ASPECT team and includes comments from Joe Ball. If you need something else added or edited let me know and I will include it before finalizing. Joe seemed to think it will be useful for situation reporting up the chain and public release. I had to leave the office due to the power failure and am trying to work from home. The Google Earth link is taking longer due to the power failure.
